REPORT ON MISSISSIPPI BAPTIST HOSPITAL

R. S. Curry, Supt.

In 1910 the Baptist Hospital began operations in an old wooden structure with less than ten beds. In 1912 by heroic effort this Board of Trustees erected a brick structure with thirty-five beds, they found that this was not a sufficient number of beds to meet the growing demands. In 1921 the present magnificent building was completed giving us about seventy-five beds, and with three side closed porches and two on the front at least fifty more patients could be cared for in an emergency. The hospital is enjoying a large patronage than ever before and its popularity is increasing in proportion to the number of patients cared for.

The Hospital has an up-to-date X-ray outfit, a well equipped Laboratory and a complete Maternity Department, which would do credit to a large city hospital.

All reputable physicians and surgeons are allowed and invited to bring their patients to the Baptist Hospital. We have one of the best Nurses Training Schools in the state, with twenty-two student nurses now in training. Young ladies from nineteen to thirty years of age with high school education and of good moral character are invited to write us if they desire to train for a splendid profession which affords a large field of service.

Our surgical and medical staff is composed of the best men of the profession.

The Hospital is under obligations to the W. M. U.'s and other church and Sunday School organizations for the splendid boxes of useful linen, such as sheets, pillow cases, towels, etc., sent us in the past and it is hoped that this will continue.

The Hospital is doing a large amount of charity work; but we must ask our friends to always communicate with the Superintendent before sending charity patients as the number of charity patients cared for must necessarily be in proportion to the pay patients in the hospital. The Baptist Hospital is not a money making institution, but our purpose is to use every dollar we take in from pay patients, above expenses, for those who are not able to pay for hospital care. So by this plan the money of the pay patient above the amount needed to maintain the hospital goes toward caring for the poor sick who cannot care for themselves. As far as we know the Baptist Hospital is the only hospital in the state, except the Methodist Hospital at Hattisburg, which does this.

3. Baptist Memorial Hospital—W. R. Bethea, Supt.

The notable features of our work for the first six months of 1922 are:

The completion and occupation of the Hughlar Dockery Memorial Home for nurses; the enlargement of the equipment of the children's department, third floor, with scientific diet kitchen and two ward rooms for crippled children; and the opening of the hydro and electro-therapy department on the first floor.

Patients admitted out number any previous six months, reaching a total of 4,168. Tennessee sent 2,747 of these, Mississippi 778, Arkansas 517, and other states 125. There were 512 treated free in the wards, 330 coming from Tennessee, 74 from Mississippi, 75 from Arkansas and 33 from other states.

The X-ray department handled 1,041 patients for diagnosis and 102 for treatment, ministering to these patients 1928 times in the six months. The laboratory made 6,410 examinations for diagnosis.

Financially the hospital has made large increase in receipts, as well as in service rendered. The six months business amounted to \$328,621.38. Of this \$35,089.36 was in charity, \$4,800.37 complimentary service for pastors, \$989.85 doctors' discounts, and \$1,438.27 in other discounts and allowances.

The Woman's Auxilliary, formerly known as the Linen Band is still carrying on in a vigorous and helpwul way.

The Hospital pastor, Rev. M. D. Jeffries, is well into his fifth year of service.

Respectfully submitted,

MRS. B. W. BETHENY.

MRS. S. H. EVANS.

MRS. W. A. ADAMS.

MINUTES SECOND ANNUAL SESSION

A motion was made that instead of continuing the present Executive Committee it is proposed that an Association Executive Board be created in its place, and that these members be the organizers of their church. The officers of the Association and the pastors of the churches, when not actual members of the board, are to be considered advisory members, with voting power. This board is to meet quarterly, and will have not only executive session in which business matters will be transacted, but will also provide for an inspirational program for the public and will give special emphasis each quarter to some important phase of the church work, such as B. Y. P. U., W. M. U., Sunday School and other causes needing emphasis.

The Association adjourned with prayer led by Bro. H. J. Dockey, until 1:30 P. M.

FRIDAY AFTERNOON

The Association was called to order by the Moderator at 1:30. After a song and prayer service, Bro. J. H. Newton preached the Association sermon. The Text was taken from II Cor. 8, 9. The message was inspiring.

Bro. J. W. Knight, from the Choctaw Association, was granted a seat, also Sister W. W. Carpenter, from Columbia Association.

The next order of business was the reading of the report on Ministerial Relief, Bro. J. L. Williams. The report was discussed by Brethern J. L. Williams, J. H. Newton and J. W. Knight. The report was adopted.

1. The Relief and Annuity Board—Wm. Lunsford, Cor. Secretary.

The Relief and Annuity Board was started in September, 1918, in Dallas Texas, by order of the Southern Baptist Convention. It has therefore, seen three and one half years of actual service.

It has invested assets today of \$419,027.25 in the Relief Department and \$730,061.27 in the Annuity Department, making a total assets of \$1,149,088.52.

The Board has gathered an invested for the two Departments in the form of endowment and reserve, at the rate of \$383,029.50 per year. In addition thereto, it has paid to its old and retired preachers \$300,173.31, or at the rate of \$100,057.77 as an average per year for the past three years. The Board paid out during the past year to her relief beneficiaries the sum of \$128,966.89, which is \$10,000.00 in excess of what they paid them the previous year.

In a little while after the beginning of this convention year, because of the financial stress and the great decline in collections, the

Board saw that retrenchment was unavoidable; but, in so doing, observed the policy of not taking pensioners from the list who should properly be on the Board, but so used their money as to give to each worthy one at least a part. No fairer or more equitable way of distributing the relief money could have been followed. The only chance to increase the aid of these old soldiers of the cross is for our people to pay their pledges to the 75 Million Campaign.

The Baptist has now a beneficiary list of between eight and nine hundred. Others are being added from month to month. While the Board has made great strides since its organization in giving aid and comfort to the disabled and retired ministers, still the need is very great. May the Lord lead his people, through earnest prayer and faithful giving, to magnify the work of this Board.

Respectfully submitted,

J. L. WILLIAMS.

WILEY POPE.

O. B. McDADE.

The next order of business was the reading of the report on Publication by Mrs. Mebb Evans. The same was discussed by Brethern J. L. Williams and A. C. Furr. The report was adopted.

REPORT ON PUBLICATIONS

Baptist Periodicals.

The Baptist Record now has a circulation of about 10,500. The responsibilities of the paper have increased as the denominational interests have multiplied until now the Record fills a very large place in the ongoing of the work. It has steadily improved for the past few years until it now ranks second to none in the South. Other improvements are anticipated in the near future. Our great task is to see that the cost is placed in the local expense budget of all churches and the paper sent to every Baptist home. Many churches have adopted this plan during the past year.

We would also call attention to the importance of putting into all our Baptist homes the Home and Foreign Fields, Royal Service and the Orphanage Gem.

(2.) The Baptist Press.

The Baptist Printing Press is now ready to do printing for all of our Baptist interests. The Baptist Record is now being printed on

MINUTES SECOND ANNUAL SESSION

our own press. The printing plant complete has been put in and paid for at a cost of nearly \$20,000. It is an up-to-date plant every particular, and deserves the hearty patronage and support of our people.

(3.) The Baptist Book Store.

The Baptist Book Store is carrying a complete line of Bibles, song books, Theological works, and other books of general interest. The net sales up to the present time for this year have been \$17,900, which is \$1,500 more than for the same period last year. We would urge our people to patronize our own book store.

(4.) Tract Department.

A splendid assortment of tracts on all phases of our work can be had by writing to Dr. R. B. Gunter. There are tracts on tithing, stewardship, evangelism, doctrines of our faith, denominational plans, and on all phases of mission work. Why not all of the churches make use of this abundant supply of tracts provided by our State Board?

Respectfully submitted,

MRS. MEBB EVANS.

SATURDAY MORNING

The Association was called to order by the Moderator. After a short song and prayer service, the Association proceeded with the regular order of business.

The minutes of Friday read and approved.

The report on the Orphanage Home was read by Bro. W. F. Brown. The same was discussed by the Following Brethern: A. C. Furr and H. T. McLaurin. The report was adopted as read.

REPORT OF ORPHANAGE HOME.

1. Mississippi Baptist Orphanage, J. R. Carter, Supt.

The Baptist Orphanage which was established twenty-five years ago has cared for more than one thousand children, many of whom are now filling positions of usefulness in our state and other state. We have now in the home one hundred and eighty children, all of whom are in good health, and are being trained in many of the arts and avocations preparatory to a useful life; special attention being given to their mental, moral and religious training.

This Home is supported entirely by voluntary contributions. Our people have been loyal in their support of our orphan children in the

KEMPER COUNTY BAPTIST ASSOCIATION

7

years past. They are now receiving their suport through the 75 Million fund, their prorata of which is just suffieient to meet their actual expenses if all pledges are paid. We urge our churches and Sunday Schools to pay up their pledges to the 75 Million Campaign so that our children may have their living. We would also urge that our people continue their donations of clothing, dry goods, groceries and supplies of all kinds which help very materially in their support. We would also urge that our churches and people generally join with the forces that are now seeking to improve the sanitary, health and moral conditions throughout our state, and in so doing prevent the necessity of breaking up many homes, and separating children from their mothers.

Respectfully submitted,

C. E. McWILLIAMS.

MRS. MEBB EVANS.

W. F. BROWN.

The next order of business was the reading of the report on Prohibition by Miss Dollie Hopper. The same was discussed by Brethern W. F. Brown, A. C. Furr, J. L. Williams, H. T. McLaurin. The report was adopted.

REPORT ON PROHIBITION

We now have National Prohibition. While we have won a great battle the war has not ended and no armistice is in sight. We still have the illicit stills and white lightning joints to contend with. These machine gun nests must be located and put out of business and we call on all our members to assisist in their destruction.

The friends of the liquor traffic are spreading the propaganda that the Volstead law is too drastic; that it should be amended so as to permit the sale of light wines and beer. In other words they want the law evaded and the people educated to be drunkards. Let us stand as a solid phalanx against the proposition of giving the Germans their beer and the Frenchmen their wine, and say to the world that we will have none of it.

The liquor men want the Volstead law repealed and we will have to see to it that they do not elect members of Congress who will do their bidding. Your committee is of the opinion that since Prohibition is the law of the land, that our pastors do not preach temperance

MINUTES SECOND ANNUAL SESSION

as much as they should; nether do parents now tell their children the evils of the drink evil as they once did. If all our people were total abstainers we would not need prohibition. We must fight the liquor traffic with every weapon available **ALL THE TIME.**

We love comparisons, they help us to think. Let us compare Water—God's beverage—with Alcohol, the Devil's beverage: Water boils at 212 degrees; alcahol boils at 172 degrees. Water freezes; alcahol does not freeze. Water put out fire; alcohol makes fire burn. Water is tasteless; alcohol tastes like fire. Water is oderless; alcohol smells. Water cools the skin; alcohol inflames the skin. Water makes seeds and plants grow; alcohol kills seeds and plants. Water will soften food; alcohol hardens food. Water aids decomposition; alcohol prevents decomposition, because it is itself decomposition. Water is furnished by nature; Nature never furnished a drop of alcohol in all the records of her reign. Water is a part of most foods; alcohol is not found in any food. Water quences thirst; alcohol creates thirst.

If our young people could be taught and shown the great harm that comes to us on account of the use of intoxicating liquors; how it injures the body and damns the soul, the next generation would see a Gideons band of water lappers that would destroy the rum traffic as our boys did the beer drinking Germans at Chateau Thierry and the Argonne Forest.

Respectfully, submitted,

J. L. McWILLIAMS.
MISS DOLLIE HOPPER.

The report on Layman work was next to be read by S. W. Key. This report was discussed by Brethern J. N. Newton, A. C. Furr and J. L. Williams. The report was adopted.

REPORT ON LAYMEN'S WORK.

The Laymen have been very active in all the work of the Kingdom during the past year. As a program for the future we would recommend the following:

- (1.) That our Laymen take a large part in the Reenforcement Campaign that is to be put on this fall for enlisting all the unlisted churches and church members in support of the objects fostered by the 75 Million Campaign. This will be done in every association under direction of the Associational Puplicity Director who will plan to use every capable Layman for a general speaking campaign among the churches.

(2.) That our Laymen push to completion the enlisting of thirty thousand tithers in Mississippi. A great number were brought to see their duty in this regard during the past year, but many yet are not giving as God has prospered them.

(3.) That individual Laymen study the subject of stewardship and that classes in stewardship be taught, using such books as "The Deacon's Daughter," by McConnell, "Stewardship and Missions," by Cook, "Studies in Stewardship," by Leavell, and "Trusteeship," by Stephenson.

(4.) That every organized Men's Bible Class plan to send out Mission Bands to aid and inspire the weaker churches of the Association. This work is being done in several associations with wonderful results.

Respectfully submitted,

S. W. KEY.
J. W. GRIFFIN.
S. H. EVANS.

The reports on Missions were read in their following order: J. M. McWilliams on State Missions; W. F. Brown, Home Missions and Foreign Missions. These reports were discussed in the afternoon.

Bro. J. L. Williams was asked to lead in the closing prayer, after which the Association adjourned for dinner until 1:45 P. M.

SATURDAY AFTERNOON

After a short devotional service, the Moderator called the Association to order. The discussion on the Mission reports was the next thing in order. The following took part in the discussion: J. H. Newton, A. C. Furr, J. L. Williams and H. T. McLaurin. After the discussion, the reports were adopted.

REPORT ON STATE MISSIONS.

What The Campaign Has Wrought In Mississippi:

The value of the 75 Million Campaign may be known by its fruits. The fruits of the labor of our field workers are more than twice the yield for a similar period of time prior to the launching of the Campaign. The Campaign has also resulted in the raising of about twice as much money as we would have raised without it. This has enabled us to keep our forces in the field. While we have not increased the number of workers so much, yet their labors have been so much more fruitful than they were prior to the Campaign. This has

been influenced by the activity of the churches which were stimulated to greater endeavor and zeal during the Campaign preparation period, Victory Week, and the co-operation of the churches in collecting pledges since Victory Week. God has signified His approval of our efforts by rewarding service with souls.

State Mission Accomplishments.

We have had seven enlistment men (one general, six district men). They have visited 2,259 churches, preached 2,880 sermons, organized 10 churches, 35 Sunday Schools, 6 B. Y. P. U.'s, 9 Woman's Missionary Societies, made 85 every member canvasses, secured 664 subscriptions to denominational papers; they have held many revival meetings with many conversions, and rendered most valuable service in the Campaign. Many three-day Bible institutes have been held, midwinter Bible schools, and 2 schools of evangelism with 150 to 175 preachers in attendance on each.

The circulation of the Baptist Record has increased more than 50 per cent and in the main has been self-supporting. A large stock of splendid books, Bibles, etc., has been put in the bookstore, and it, while serving the denomination, is making a profit. A splendid new printing press has been installed at a cost of \$18,140.42 and is in operation and is paid for. As the result of the Campaign our board has been enabled to pay for a \$30,000 administration building. We are prepared for greater service in the future.

We are also maintaining a worker among the Creoles in the southern part of the state and are co-operating with other boards in work among the Negroes and Indians. The salaries of two Good Will Center Workers are also paid. Salaries of a religious worker in two denominational colleges are supplemented.

One hundred fifty-five churches have been aided in paying the salaries of their pastors. Eighteen churches have been aided in building houses of worship.

From the Campaign collections remittances have been made to the following causes in the sums indicated: Foreign missions, \$337,159.06; home missions, \$211,550.78; state missions, \$251,216.55; Christian education within Mississippi, \$317,326.17; Southwide educational objects, \$52,887.70; Baptist Orphanage, \$39,655.77; Baptist Hospital, \$70,076.20; general objects, \$23,779.46; and ministerial relief \$18,510.70.

Respectfully submitted,

J. M. McWILLIAMS.

REPORT ON HOME MISSIONS.

The work which the Home Mission Board is doing consists of Co-operative Missions, Enlistment, Evangelism, Mountain Schools, Foreigners, Indians, Negroes, Cuba and Panama, Soldiers and Seamen, Publicity, Southern Baptist Sanatorium and Church Extension.

The departments of Enlistment and Evangelism have recently been placed under the same superintendent, Dr. O. E. Bryan, and the work of the two departments has been more closely co-operated.

The work of the Home Board was very greatly enlarged at the beginning of the 75 Million Campaign, and because of very heavy decrease in cash receipts during the past year, a heavy indebtedness has been incurred. But by reducing appropriations and retrenching the work wherever possible and with the increase in receipts this indebtedness is being gradually reduced.

There were last year a total of 1, 188 missionaries who supplied 3,131 churches and missions under direction of the Home Board.

These workers delivered 165,445 sermons and addresses, made 236,992 religious visits, baptized 56,164 converts, received 83,994 addition to the churches, organized 305 churches, built and improved 456 houses of worship, organized 786 Sunday Schools, distributed millions of pages of tracts and thousands of copies of the Scriptures.

Respectfully submitted,

W. F. BROWN.

MRS. R. W. BITHENY.

G. W. BURNETT.

REPORT ON FOREIGN MISSIONS

Foreign Missions:

Southern Baptists are now working in sixteen countries of the world, comprising a population of nine hundred millions, one-fourth of the world's population, or a population twenty-five times as large as the population in the bounds of the Southern Baptist Convention. The countries in which we now labor are China, Japan, Africa, Brazil, Argentina, Uruguay, Chile, Mexico, Italy, Spain, Hungary, Roumania, Jugo-Slavia, the Ukraine, that portion of Southern Russia lying east of the Ukraine, Syria and Palestine.

During the past year Dr. Everett Gill has been made superintendent of our new work in Europe and great progress has been made in the work. Rev. H. E. Porter has been appointed as our first missionary to Russia. The Foreign Board has expended seven thousand

dollars during the year for distribution of Bibles in Russia. In Syria and Palestine two native missionaries have been doing faithful work, and the Board at its meeting in May appointed two young men for this field. They with their wives will soon go to Palestine for the purpose of laying the foundation of a wide work in the Holy Land.

There are now 622 churches in the foreign fields with a membership of 64,251. There are 206 of these churches which are selfsupporting and 375 of them own their own houses of worship. They gave an average of \$7.24 per member last year. There are 694 schools with 26,507 students. There are 971 Sunday Schools with 53,691 scholars. There were 7,891 baptisms during the year, being almost one thousand more than the year before. Contributions to Foreign Missions were sadly reduced last year. The year before Southern Baptists gave \$2,498,381 and last year they gave only \$1,755,678, making a drop in receipts of \$742,703.

This is our solemn obligation—to maintain and advance what we have so nobly begun. Unparalleled opportunities face a people with unmatched doctrines and resources. What shall we do? Go backward? Or, go Forward?

Respectfully submitted,

I. H. LANIER.

I. A. SANDERS.

J. T. STEWART.

The committee made report on Digest of Letters.

After announcements the association adjourned until 9:30 Sunday morning. Bro. H. T. McLaurin lead the closing prayer.

SUNDAY MORNING

The Association was called to order by the Moderator. After song and prayer service, the report on Woman's Work was called for. This report was read by Mrs. G. W. Burnett. Brethern J. H. Newton and A. C. Furr spoke to this report. The same was adopted.

REPORT ON WOMAN'S WORK.

Your committee begs leave to submit the following report on Woman's Work:

The W. M. U. is composed of the following organizations: Woman's Missionary Society, Young Women's Auxiliary, Girl's Auxiliary,

Royal Ambassadors for boys and Sunbeams for little folks.

The Union sets for itself five definite aims: Stewardship, Service, Study, Supplication and Soul-Winning.

Our Women are learning that Stewardship involves for more than the meeting of our Campaign pledges, church expenses or giving of any material substance like money. Yet these matters are being stressed as of very special importance; so much that while our first year was regarded as "Victory" year in the Campaign and our second year as "Loyalty" year, this is looked upon as the "Sacrificial" year by the W. M. U. Our women are stressing the fact that aside from the giving of money we must needs give time, strength, heart and interest to needy lives and worthy causes.

Second of intensely personal nature expends itself by the W. M. U. in the sending of boxes to Hospitals, Orphanages, Aged Ministers, and Ministerial Studies; in the education of four young women in our Baptist Colleges thus preparing them for lives of service; in the sending of eleven young women to our Training School to prepare them for efficient work on the home of foreign field; and service among our young people is especially shown in the giving of books for foreign missionaries' libraries.

Study courses are being carried on as never before by the entire W. M. U. This is especially noted among our Young People Organizations.

Supplication and Soul-Winning are twin aims, deeply set in the hearts and lives of our women who are longing to see the coming of the Kingdom; to see the Kingdom made ready for the return of the King.

This report sets forth the following recommendations: 1st. That each pastor in our Association be requested to organize in his churches each branch of the W. M. U. wherever practicable, for the sole purpose of teaching missions.

2nd. That this Association plan for a Missionary Institute embracing three days in which will be taught missions to our women and young people.

Respectfully submitted,

MRS. A. C. FURR.
MRS. G. W. BURNETT.

The next thing in order was the reading of the report on Christian Education by Bro. McCoy. A. C. Furr and J. H. Newton spoke to this report. This report was adopted.

REPORT ON EDUCATION.

I. Christian Education In General.

The educational institution which is free to encourage and develop the appreciation of the best and noblest things in life is the institution where the truest education can be secured.

The school which lays the emphasis upon the life and teachings of Jesus Christ and which is able to inspire students to think in harmony with his divine mind, provides for the next generation the men and women who are destined to become the leaders in every field of noble thought and worthy action.

The Baptists of Mississippi have wisely built and are now supporting a group of schools which are imparting the type of education in which the process and the goal of learning have their inspiration in a faithful appreciation of Jesus Christ. To these institutions all wise and far-seeing parents who appreciate the trust and the best education will choose to send their children. To the sustenance and help of these institutions will come faithful souls who love the Lord and who are interested in establishing His Kingdom on earth.

II. State Denominational Schools.

1. Mississippi College:

Number of students enrolled, session 1921-22: Graduate students 3, Seniors 47, Juniors 58, Sophomores 99, Freshmen 139, Special students 26, Total Enrollment 372. Number of Graduates 45, number of teachers 19, number of students in Bible 350, number of student volunteers 18, number of Ministerial students 82, number of Sunday School Diplomas awarded 125, number additional award 250. Last session was a good session. May the brethren pray that this session may be even a better one.

The needs of this old institution may be summed up in two. First, a better appreciation by all our people of what it has meant, what it now means and what it may mean to our denomination. Second, an adequate endowment to provide a sufficient income to provide a sufficient income to maintain a permanent faculty, pay the teachers a living wage, care for the buildings and the comforts of the students.

A second attendance is expected. All the places in Jennings Hall

were taken soon after school closed. This indicates that we will overflow this session. Let them come, we shall make some provision for the overflow.

Our new church building is nearing completion. We hope to worship in it by January 1st. This is going to be a mighty agency in training leaders for our denomination.

Campus and Buildings.

2. Blue Mountain College.

Our campus contains about 33 acres. Within the campus we have the summit and slope of a large hill or small mountain which from time immemorial has been called "Blue Mountain." Within the campus are located a group of clear, cool, gushing springs of pure freestone water which flows from the side of the mountain at the rate of possibly 100,000 gallons per day. We also have on the campus an excellent mineral well.

The group of buildings consist of two large brick dormitories called the Lowery and the Ray and one large frame dormitory called the B. G.; one brick and one frame self-help building called the Hearn and the Berry; a large two story frame college building with brick basement rooms and with three hundred feet of broad verandas containing chapel, library, offices and class rooms; a large frame recreation building called The Annex; an eleven room President's home called the Anderson and a cottage called The Mason.

Many schools have small grounds and few verandas. We have a large campus, over 1,000 lineal feet of broad verandas, many shade trees, excellent drainage and grassy lawns. The water supply is abundant and pure, the sewerage is excellent and sanitary.

Buildings and other material equipment are important, but they are not the main things. Brains and books are more important than bricks. Loving care, thorough training, purifying influence, enabling spirit, a fine morale, and the development of systematic industrious, unselfish, cultured habits, are the main things.

Attendance last session was as follows: 20 Literary Seniors, 4 Expression Seniors, 3 Piano Seniors, 4 Certificates, 232 Undergraduates, and 23 Special students, making a total of 286.

Summer Term.

It is our plan to have a regular summer term lasting not less than 10 weeks. In this way we can enable college students to make up a

year's work in three summers and thus finish a four year college course in three years.

Our first summer term of this kind was held during the summer of 1922 and the attendance and work were very gratifying. Full information in reference to the next summer term will be given upon application next spring.

3. Mississippi Woman's College.

Property owned as follows:

(1.) One wooden dormitory, two stories, accommodate 120 girls, known as Dockery Hall and used as the Industrial or self-help Dormitory. The first and hardest working students in College stay in this dormitory. Board on the co-operative plan costs here only \$14.00 per month. This summer, we are putting a new roof on this dormitory, painting it inside and out and making many other improvements on it.

(2.) Tatum Court—the Administration Building—a beautiful brick and stone building with three stories, costing in 1914, \$59,000. This is used to carry on the class work, laboratories and other departments, including a beautiful chapel seating 800 people. In the Gymnasium of Tatum Court, is a beautiful swimming pool, the largest in the State. This swimming pool is under cover and is used for ladies only.

(3.) Ross Hall—a beautiful two story fire-proof dormitory of brick and stone constructed in the most modern manner with rooms in suits of two with a bath room between every two rooms. This dormitory can accommodate seventy-five girls. This building cost \$75,000 in 1919.

(4.) Johnson Hall—this is a fire-proof dormitory, a duplicate of Ross Hall and erected in the same year.

(5.) The Dining Hall—a beautiful two-story building of brick and stucco, seating 400 people; kitchen and pantries with rooms for 20 dining room girls on the second floor. This building is painted inside with white enamel and is connected with Ross Hall and Johnson Hall by covered verandas.

(6.) Granberry Academy—a white building used as equipment for the Academic pupils.

(7.) Love Cottage—a two-story frame building, can accommodate 20 students, was bought by the Woman's College in 1919.

(8.) Mary Ross Memorial Hospital—one-story building of brick and stone in three units, costing \$20,000 and being erected in honor

of the mother of Mrs. Herrin, an Episcopal lady who died in 1921, leaving funds to be used in the erection of a Memorial.

The College owns a beautiful campus of about 50 acres enclosed with an iron fence and the campus is adorned with shade trees, shrubs and flowers. A truck patch of about eight acres affords vegetables for the Boarding Department.

Attendance last year was a little over 500. The catalog, however, contains about 450. This was because we omitted in the catalog some of the younger pupils and some of the special pupils. A faculty of thirty, each one a specialist. Number of Diplomas and Seals granted in our Bible and Sunday School Department, 625. We have twice led the schools of the Southern Baptist Convention, including both seminaries, in the number of Seals and Diplomas granted and believe that we will lead this year.

Health last year was excellent, not a single serious case of illness.

Our greatest need is an endowment by which the school may take rank among the highest Colleges.

Admission to the Freshman class requires 15 Carnegie units. There are four years of College work after this.

At this date, August 15th., all the places are taken for the coming session.

4. Clarke Memorial College:

Last year we enrolled 123, of whom 65 were college students and 58 high school students. Of these high school students a great many had their work partly in the college department and partly in the high school department. We had with us 37 preachers. We graduated 16. During the year our high school department was placed on the list of accredited high schools of the state. On the literary faculty for next year we have one lady and five men. Three of these men have Masters' degrees, one an M. A., one a Th. M., and one both a Th. M., and a Master of Religious Education. Two of our faculty are now working on their doctors' degrees.

Great improvement has been made on our buildings and equipment. We did not fill to our capacity last year. We can take care of from 150 to 200 in the dormitories besides the married students and town students. Our most urgent need is better laboratory equipment.

We expect to put in six full days of work a week next year and thus enable a student to make a unit or three hours more work than ordinarily. This will be quite a saving especially to those who have delayed the matter of their education until late in life.

One thing that we would like to get before the brethren is that for

every student who works as much as half of his way there must be as many as ten or fifteen who pay all their way. A great many students have been referred to us as a place where they can work their way through. We have no "jobs" whereby a student can work all his way. The number of "jobs" is limited, even for a student to work part of his way. We need some funds to supplement running expenses that we may be able to reduce our charges and thus help those boys and girls of limited means that want to go to school.

III. Southwide Institutions.

1. Southern Baptist Theological Seminary:

Enrollment, 1921-22: Men 416, Women 269, total 685. 410 of the men were regular ministerial students. Number of Ministerial students from Mississippi 22. Ten of this number received aid from the loan fund.

Outlook for next session is bright. Provision will be made to take care of all students who come even if additional quarters have to be rented. Correspondence is invited with all young ministers who desire to pursue theological studies.

2. Baptist Bible Institute:

Enrollment, 1921-22, 222, representing nineteen states and five foreign countries. Of this number 97 were women. There were in addition to these full time students 29 enrolled from ten states in the Mid-Winter schools of four weeks.

Need at once homes for two teachers and largely increased accommodations for student's families. Dormitories are overflowing.

Faculty is endeavoring to grow an institution and not merely manufacture a scholastic organization.

3. Southwestern Baptist Theological Seminary:

Enrollment 1921-22, women 390, men 406, total 796. In correspondence department 924. Eleven full professors and twenty-one full time teachers and six assistants. All Baptists. Cost to Baptists last year to give free tuition to students in this institution \$130,212. Seminary is now organized into departments as follows: Theological, Woman's Missionary Training, Missions, Religious, Education, Gospel, Music and Extension and Correspondence. In these departments aim is to prepare church and Kingdom workers of all kinds

for all phases of denominational activity.

IV. Ministerial Education.

There were 119 ministerial students in Mississippi and Clarke Colleges last session. Two-thirds of these received some help from the Board of Ministerial Education. At least one-half of these could not have remained in college without help. There were applications for help for about twice as much as was received for ministerial education. Ministerial students are entering our colleges in increasing numbers and the funds being received are entirely inadequate to take care of the needs. There is need of a number of small cottages, each with enough land for a garden and a place for a cow. Each family should have a chance to be as near self-supporting as possible. There ought to be ten or twelve such cottages at Clinton and several at Newton. There is need of \$12,000 next year for current expenses alone.

In the absence of the chairman on Sunday School, Bro. J. W. Griffin was asked to read report on same. The report was discussed by Bro. J. H. Newton. The report was adopted.

REPORT ON SUNDAY SCHOOL WORK.

Brother J. E. Byrd, our Sunday School Secretary, sends out the following message to the Association concerning the Sunday School Work in the state for the year:

"The Sunday School workers have visited one hundred and sixty-six churches. Have delivered 1405 diplomas. Have delivered a sum total of 5,094 awards. Have conducted or aided in thirteen city training schools. Have held 75 rural schools. Have given two week's work each to the negroes at Jackson College and Natchez College. There have been over 100 additions to the church."

Brother Byrd Makes The Following Recommendations:

(1.) That we give special attention to extension work in the Association, and that the Executive Board of the Association be instructed to make an effort to organize a Sunday School in every church.

(2.) That special emphasis be put on class organization. Through class organization we can enlist the church membership in Bible study.

(3.) That great emphasis be put on teacher training work. The

MINUTES SECOND ANNUAL SESSION

need of the hour is trained workers. We insist that every church needs its season of training just as it now has its season of revival.

(4.) That we give large place in all of our Sunday Schools to our denominational work, which includes all of the causes supported by the 75 Million Campaign.

(5.) That our special days be emphasized in all of the Sunday Schools on account of their educational value.

Respectfully submitted,

J. W. GRIFFIN.

The next order of business was the reading of the report on the B. Y. P. U. by Bro. Everit Mosley. This report was discussed by Brethern J. H. Newton and A. C. Furr. The same was adopted.

REPORT ON B. Y. P. U. WORK.

The Baptist Young People's Union has seen marvelous growth during the year. Secretary Auber J. Wilds sends a splendid report from which these facts are taken:

Last year 500 unions were reported. One hundred have been added in the year, making 600 unions in the state. Twenty of these are one hundred per cent in daily Bible reading. Thirty-six unions report every member giving systematically and regularly to the church and to the causes fostered by the church. Last year thirty-five unions reported A-1 standard, and this year forty other unions join them, making seventy-five A-1 unions in the state. Three thousand diplomas and seals have been awarded to those who stood successful examinations on B. Y. P. U. books. There are fifteen unions in our colleges, one in Clarke, three in Blue Mountain, four in Mississippi College and seven in the Woman's College.

Four banners were awarded at the State Convention at Meridian to unions making highest grades along certain prescribed lines. The Senior Banner went to the Baptist Orphanage Senior Union, the Junior Banner to the First Laurel Juniors, the "Other Work" Banner to Columbia Intermediate, and the College Banner to the Woman's College. An Intermediate Banner will be given next year, and also a banner to the church reporting the highest percentage based on the "Nine Points of Efficiency" recently published.

There is now literature published by the Sunday School Board for three grades in B. Y. P. U. work, instead of two grades as heretofore. Now we have Juniors 9-12, Intermediates 13-16, and Seniors from 17 up. It is recommended that each church shall have a B. Y. P. U. Director who shall have supervision over the entire B. Y. P. U. work

in the church, after the same manner as we now have a superintendent of the Sunday School.

Respectfully submitted,

EVERIT MOSLEY.

Afternoon Bro. H. T. McLaurin preached, using the Text, John 14, his subject, "Following And Obeying Christ."

After prayer lead by Bro. Bradway, the Methodist pastor, the Association adjourned for dinner.

SUNDAY AFTERNOON

After song and prayer services, the Moderator called for the report on Memorials. Bro. Wiley Pope made this report. The same was adopted without discussion.

ARTICLES OF FAITH.

IV. We believe that God chose His People in Christ Jesus be-

of God through faith, unto salvation ready to be revealed at the last day.

V. We believe that sinners are justified in the right of God by the imputed righteousness of Christ only.

VI. We believe that the Gospel is God's appointed means of calling sinners to the knowledge of the Truth, and He has commanded it to be preached to every creature; therefore, all are required to obey.

VII. We believe that good works are the fruits of faith, and the only evidence of justification; and that all believers will abound therein from a principle of love.
